<b>Title :</b> Use of Fog Machine	<b>Date of Assessment :</b> 12/02/2021	<b>Risk Assessor :</b> Rebecca Cowan
<b>Risk Assessment Reference :</b> 05	<b>People involved in making this assessment :</b> Rebecca Cowan	
<b>Task/ Process :</b> Use of fog machine	<b>People at Risk :</b> Employees	

<b>Hazard : Hazardous Substances</b> The chemical used within the fog machine to clean the vehicles may reach harmful levels could cause skin or eye irritation.
<b>Control Measures:</b>
1. Do not enter into a vehicle whilst cleaning is taking place.
2. Keep doors locked of the vehicle to ensure nobody can access the vehicle.
3. Ensure the vehicle is well ventilated once cleaned.
4. Ensure correct levels of the chemical are used as stated within the training and manufacturers guidance. As the chemical is pre-mixed by the manufacturer this must not be altered.
5. Wear correct PPE whilst fogging of vehicle's take place, such as gloves/mask/goggles where appropriate (of which can be supplied).

<b>Hazard : Manual handling</b> Cause harm if product is not held/carried correctly.
<b>Control Measures:</b>
1. Follow manual handling guidance.

<b>Hazard : Untrained workers</b> Potential damage caused to vehicle or harm to self/others if untrained worker carries out the fogging.
<b>Control Measures:</b>
1. Only trained staff to use the fogging machine.

<b>Hazard : Work equipment</b>
<b>Control Measures:</b>
1. Machine is routinely inspected and serviced in accordance with the manufacturers requirement.
